## ■ Activities

### **Association of Computing Machinery club officer**

Work with members and officers in club to organize meetings and events, communicate with alumni and contacts within companies to bring speakers and information panels to campus to promote awareness and networking for computer science students and industry workers.

**2012-  
2013**

### **Cross country / track**

Competed in cross country / distance track throughout high school, running club officer, team captain. Competed in NWAACC conference cross country / track for Everett Community College (2009-2011), and NCAA Div. II for Seattle Pacific University (2006-2007), and Western Washington University (2011-2012).

**2002 to  
2006  
2009 to  
2012**

## ■ Volunteering

### **ACM Mentoring**

Volunteer tutor for underclassmen in the Computer Science major. Assist students in projects for introductory programming, algorithms, data structures, systems and architecture, and object oriented design. Languages primarily used: Ada, C, C++ and Java

**2012  
to  
present**

### **Everett Street Outreach**

Work with other Everett Community College students and volunteers to make lunches and coffee for homeless and hungry people. Walked around downtown Everett giving food to and visiting with homeless people.

**2009**
